

Our Three Dimensional Reforms Agenda:

Legal and Administrative Reforms:

- 🏠 We're not afraid to shake things up. We're rewriting laws, fine-tuning regulations, and raising planning standards.
- 🏠 The Punjab Housing & Town Planning Agency? We're giving it a make over.
- 🏠 Real Estate Sector? Buckle up – we're regulating it for fairness and transparency.

Management Reforms:

- 🏠 Efficiency is our anthem. We've built robust information systems for housing, projects, and beneficiaries.
- 🏠 Transparency? We've got a Grievance Redressal Mechanism that's sharper than a compass needle.

Housing Delivery:

- 🏠 Picture this: 40,000 – 70,000 affordable housing units by June 2027. Yes, you read that right.
- 🏠 But wait, there's more: Our designs? They're not just roofs; they're green, sustainable, and future-ready.

Who We Are:

We're not just a program; we're a movement.

The Punjab Affordable Housing Program (PAHP), fueled by World Bank support, is rewriting the script on housing accessibility. Here's what defines us:

Team Power:

Our **Program Management and Implementation Unit (PMIU)** – a dynamic team of **passionate individuals** is your dream squad. We blend seasoned wisdom with youthful energy.

Imagine architects, planners, and visionaries huddled together, for a shared purpose: **making housing green and affordable.**
