引言 INTRODUCTION

世界城市日是联合国设立的首个以城市为主题的国际日。2010年10月31日，上海世博会高峰论坛发布《上海宣言》，倡议设立世界城市日。2013年12月，第68届联合国大会通过决议，决定自2014年起将每年的10月31日定为世界城市日，传承弘扬上海世博会“城市，让生活更美好”的重要理念。在各方共同努力下，世界城市日已成为各国城市交流互鉴的重要平台，为在全球范围内推进城市可持续发展、推动联合国落实《2030年可持续发展议程》和《新城市议程》发挥了重要作用。2014年10月31日，首届世界城市日全球主场活动在中国上海启航，此后，先后在米兰、基多、广州、利物浦、叶卡捷琳堡、纳库鲁、卢克索、上海、伊斯坦布尔、亚历山大、波哥大等城市举办。

2026年10月31日至11月2日，2026年世界城市日全球主场活动暨第四届全球可持续发展城市奖（上海奖）颁奖活动将在中国福建省福州市举行。活动由中华人民共和国住房和城乡建设部、福建省人民政府、联合国人类住区规划署共同主办，福州市人民政府、福建省住房和城乡建设厅承办，主题为“更新赋能 宜居筑梦”。活动期间，将举办2026年世界城市日全球主场活动暨第四届全球可持续发展城市奖（上海奖）颁奖活动开幕式大会、“新时代城市高质量发展市长论坛”主论坛、13场专题论坛和13场配套活动，以及“世界城市日标志性活动（福州）：我的城市，我的家”、现场体验区、城市考察等重要活动。

引言 INTRODUCTION

World Cities Day is the first international day established by the United Nations with a focus on cities. The genesis of World Cities Day can be traced back to the Shanghai Declaration, unveiled at the Expo 2010 Shanghai China Summit Forum on 31 October 2010. This declaration championed the establishment of World Cities Day.

In December 2013, the 68th United Nations General Assembly adopted a resolution designating 31 October as World Cities Day, starting in 2014. This decision aimed to uphold and promote the core theme of Expo Shanghai: “Better City, Better Life.”

Through the collaboration of various stakeholders, World Cities Day has become a key platform for dialogue and mutual learning between cities worldwide and has played a critical role in advancing global sustainable urban development and in facilitating the realization of the 2030 Agenda for Sustainable Development and the New Urban Agenda. On 31 October 2014, the first global observance of World Cities Day was held in Shanghai, China, and the observance has since been held each year in Milan, Italy; Quito, Ecuador; Guangzhou, China; Liverpool, UK; Yekaterinburg, Russia; Nakuru, Kenya; Luxor, Egypt; Shanghai, China; Istanbul, Türkiye; Alexandria, Egypt; and Bogotá, Colombia.

From 31 October to 2 November 2026, the global observance of World Cities Day 2026 and the awarding ceremony of the 4th cycle of the Global Award for Sustainable Development in Cities (Shanghai Award) will be held in Fuzhou City, Fujian Province, China. The event is co-hosted by the Ministry of Housing and Urban-Rural Development of the People’s Republic of China, the Fujian Provincial People’s Government and the United Nations Human Settlements Programme (UN-Habitat), and organized by the Fuzhou Municipal People’s Government and the Fujian Provincial Department of Housing and Urban-Rural Development. The theme of the observance is “Regenerating the City: Adequate Housing for All.”

The event will feature the official high-level opening ceremony of the global observance of World Cities Day 2026 and the awarding ceremony of the 4th cycle of the Global Award for Sustainable Development in Cities (Shanghai Award). The opening ceremony will also feature a high-level technical dialogue, “Regenerating the City.” It will bring together city leaders and senior officials to share practical experiences of urban regeneration and explore collaboration among national and regional governments, development partners and local communities to advance adequate housing for all.

The event will also include the Mayors’ Forum on High-Quality Urban Development in the New Era, as well as 13 thematic forums and 13 side events. Among other major activities, it will feature Fuzhou’s World Cities Day campaign, “My City, My Home,” and the Interactive Expo Zone. Participants will have an opportunity to join various city tours to see practical examples of urban regeneration and historical heritage.
